

# Self Service Internet Marketing

Search Engine Optimization (SEO)  
Social Media Optimization (SMO)  
Search Engine Marketing (SEM)

## Flexible solutions for your business needs

### **turtleSEO PROVIDES A TOTAL END TO END SOLUTION.**

- Manage all your SEO clients here. Create research reports for your clients.
- Manage multiple blogs from one place. Link building made easy and fast.
- Optimize all content. Write keyword rich content.
- Use Google analytics to measure site's performance
- Manage your own blogs and become your own SEO expert. Self Service SEO is the word

## Technology at work for you

### **CONNECTING YOUR BUSINESS TO THE TECHNOLOGY RESOURCES YOU NEED**

#### **Keywords density Checker**

Optimize your keywords. Set an optimum keyword density for a set of key terms. You can categorize a site's theme with the help of keyword density. Determine the relevant words and phrases for the site and get noticed by search engines.

#### **Web speed checker**

Hold traffic to your website. Traffic would not halt if the site takes too much time to open. Check your speed here and make your site user friendly.

#### **Header Analysis**

Easily check if your site has any page errors that take off your visitors.

#### **Back-link Checker**

Is your link building campaign working well for you? How many links you have in the present? Get detailed results and start building more links.

#### **Google Analytics Reports**

Get rich insights into your website traffic and marketing effectiveness. Analyze your traffic data with Google analytics.
